### **DETAILED ACTION**

Claims 5, 6, and 27-32 are pending in the instant application. Claims 1-4, 7-26 and 33 are canceled.

#### ***Response to Non-Final Office Action***

Acknowledgment is made of applicant's response and amendment of the claims filed on 4/28/08.

Claims 1-4 were rejected as anticipated. These rejections are withdrawn in view of the deletion of the claims.

Claim 27 was rejected because the term "therapeutically effective amount" is indefinite. Applicant's arguments have been considered, but do not overcome the rejection. The claim is still indefinite because the term therapeutically effective amount does not have support in that it cannot be administered with the compound alone. It also requires a vehicle. Addition of a term, such as "and a pharmaceutically acceptable carrier" will overcome this rejection. (See instant specification page 18, line 31.)

Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
